If claimants, with a full knowledge of their rights, think proper to give one half, or any other portion of their claims to their attorneys, the government has no right to complain. If members of Congress, instead of fulminating their wrath against agents, would procure the publicawrain against access, would procure the publica-tion of the lists of claims embraced in every law they enact, (so far as the records of the gor-ernment furnish the names of parties entitled,) they would render a far more valuable service they would render a far more valuable service to their constituents, than by opposing a law to pay just claims on the pretext that agents will receive large fees for their services.

It is not, however, the purpose of the undersigned to interfere, in any manner, with members of Congress, in the discharge of their duties we with agents in the recovery of their

pers of Congress, in the discharge of their du-ties, nor with agents in the recovery of their commissions, whether high or low. The publica-tion of the lists in the newspapers, is, in his judgment, a simple act of justice to claimants— and it is but just to himself, and cannot possibly be complained of by others when he states, that for the processibly and recovered the states, recovered. To save all unnecessary correspondence, the undersigned states, that he cannot attend to claims of soldiers for pensions under the act of 1832, nor can he make investigations into any pension cases "suspended" by the Pension Office, without the pre-payment of a fee. The cases of widows, under the act of 3d of February, 1853, who are entitled to arrears from 1845, will be prosecuted in the Court of Claims for a commission of ten per cont. on the arrears.

Letters making inquiries about claims of various descriptions, cannot be answered, unless a fee accompanies the application. The time required to examine cases, and the necessary expense of correspondence, in time, postages, &c., &c., forbid such examinations, without some compensation therefor.

Persons who may wish to know on what terms rally, the undersigned will investigate and ecute claims, may learn, by addressing him a letter enclosing a postage stamp and asking for his "Circular to correspondents." VESPASIAN ELLIS, Washington City, D. C.

Great Excitement on the Frontier!

DY late advices from Oregon, Holt County, Missouri, we learn that KAUCHER & JESTER are about to invade our peaceful abodes, armed to the teeth with CHAIRS, BEDSTEADS, TABLES, CRIBS, and a great many other Household conveniences, too tedious to mention, which they expect to sell at fair prices, and for Cash. They will spars neither age nor sex, rick nor poor, (will trust the honest poor, and take the money from the rich.) high nor low. No political or religious creed can be taken as an excuse for not purchasing their work, as it is as good as any in the country, and is more durable than all the furnitire ever shipped from St. Louis or Cincinnati. The people have been humbugged with Eastern trash long enough, and it is high time now that they open their eyes, and "knock under" to KAUCHER & JESTER. & JESTER.
